

Call for Abstract

The International APIMONDIA Symposium 2018 on the '**Role of Bees in Food Production**' will be held from November 30th to December 4th 2018 in Addis Ababa, Ethiopia, with the theme: **Significance of Bees' Pollination for Improved Food Production.**

The National Apimondia Organizing Committee (NASOC) is pleased to invite interested scientific community, academicians and professionals to submit abstracts of their research work with relevance to the APIMONDIA Symposium topics to advocate role & importance of our bees. Submissions of abstracts from all over the world are sought for both oral and poster presentations. Major top-

ics for paper and poster presentations will be:

-  Pollination and food production
-  Threats to pollinators or to their performance
-  Environmental services & climate change
-  Commercialization and transformation of Beekeeping.

Interested individuals can submit their abstracts via

registration@apisymposium2018.org in accordance with the guidelines latest by 30 April 2018. For the accepted abstracts, the authors will be informed by 30 June 2018 about the results and requested to submit full work by 30 September 2018.

For further information and guidelines for abstract and full paper submission, please visit www.apisymposium2018.org or contact:
