

In order to better defend beekeepers and their bees, Apimondia is setting up different tools:

1) The statutes voted during our General Assembly in Buenos-Aires (Argentina), September 2011, represent an important reform with the setting-up of five new "[Regional Commissions](#)" in addition to the seven existing "[Scientific Commissions](#)".

2) A policy for urgent and less-urgent problems

New work ethic

- 2) Different Apimondia Working Groups (AWGs) with panels of scientists and
